

2006 PRESCRIBED BURN PROJECT FLYER

Manchu Prescribed Burn

BLM

Project Name	Manchu
Project Location	The Manchu small arms range Eielson Air Force Base
Nearest Populated Area	Moose Creek & North Pole AK
Planned Acres	435
Estimated Project Cost	\$32,000 \$74.00 per acre
Land Management Agency	United States Army Alaska Withdrawn public land for military use (BLM)
Project Goal(s)	Resource Objectives: Reduce flammable fuel loading to mitigate the potential for ignition of fires during live fire training exercises. Lessen the potential for escaped fires from the Manchu unit. Introduce a yearly or bi yearly spring burn to remove flammable fuel build up and encourage new vegetation and herbaceous growth. Prescribed Fire Objectives: Remove 75-90% of the live and dead grass thatch and dead herbaceous fuel to reduce loading and expose vegetation surface for military ordnance clean up operations. Eliminate or reduce the potential for crown fire, which will mitigate the possibility of extreme fire behavior.
Possible Impact on Local Area	Smoke
Project Point of Contact (POC)	Tami DeFries
POC Office / Cell Number	AFS military zone FMO (907) 356- 5875
